Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Brenchitia, Asthma, and Consumption.

Cough, Bronchitia, Asthma, and Comsumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remely by pulmonary complaints. Through a long series of years, and among most of the rases of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and nower to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to militer forms of disease and to young children, it is at the same time the most effectinal romedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Crosp, it should be kept on hand in every family, and indeed as all should be provided with this auditote for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease scened settled, have been completely cured, and the patient restored to soon health by the Cherry Pectoral. So compile its mastery over the disorders of the Lungs. Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral in Singers and Public Speakers and great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cared by taking the Cherry Pectoral in small and frequent dose.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do move than assure the public that its qualities are fully maintained.

Ayer's Ague Cure, For Fever and Agne, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Agne, Periodical or Billious Fever, &c. and indeed all the affections which arise from malarious, marsh, or miss.nate

poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Rismoth, Zinc, nor any other uninersi or poisonous substance whatever, it in nowice injures any uniters. The number and importance of its cures in the again districts, are literally beyond account, and we believe without a parallel in the history of Age medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obsinate cases, and where other remedies had wholly failed. Unascilimated persons, either resident in, y travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Compitaints, arising from torquility of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Pillous Disorders and Liver Compitaints, it is an excellent remedy producing many truly remarkable cures, where other medicines had failed. Prepared by Dn. J. C. Aver & Co. Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
